Project Development Phase
Performance Test

Date	
Team ID	SWTID-2026-1809
Project Name	Enforcing Mandatory Fields Using UI Policies and Migrating Changes with Update Sets
Maximum Marks	

Model Performance Testing:

Project team shall fill the following information in model performance testing template.

S.No.	Parameter	Screenshot / Values
1.	Data Rendered	Forms and fields in ServiceNow are successfully displayed. Mandatory fields are clearly indicated (e.g., red asterisk *) using UI Policies.
2.	Data Preprocessing	UI Policies configured to dynamically enforce mandatory fields based on conditions (e.g., when specific options are selected). No invalid or incomplete data allowed.
3.	Utilization of Filters	Conditions applied in UI Policies (e.g., if field = "Request Type", then make other fields mandatory). Filters ensure correct data entry workflow.
4.	Calculation fields Used	Not applicable (No calculation fields used in this project). Focus is on form validation and policy enforcement.
5.	Dashboard design	No of Visualizations / Graphs – 2 Example: Reports showing number of forms submitted with/without mandatory enforcement, update set migration success rate.
6	Story Design	No of Visualizations / Graphs – 1 Example: Workflow story showing process from UI Policy enforcement → Update Set creation → Migration to another instance.
